

# Lab 4

Duke STA 240 Fall 2025

replace this text with your name

This package provides the language model we're using, and you may have to install it in your container before loading:

```
library(kgrams)
```

Also concealed within this document is a lot of code we are providing you, but that you should not modify in any way!

## Task 1

Type words here.

```
# add code here
```

## Task 2

Type words here.

```
# add code here
```

## Task 3

Type words here.

```
# add code here
```

## Task 4

Type words here.

```
# add code here
```

## Task 5

Type words here.

```
# add code here
```

## Task 6

Type words here.

```
# add code here
